**PRESENTATION OBJECTIVES:**

As a result of this program, the learner will be able to

- **Dr. Wu’s Presentations:** understand the history of gene therapy in the eye, identify some of the current considerations for gene therapy in the eye, discuss the current knowledge on geographic atrophy, and discuss current and upcoming treatments for geographic atrophy.
- **Ms. Nappi and Ms. Kelley’s Presentation:** analyze the impact of functional adaptation, integrate vocational rehabilitation into treatment plan, differentiate between clinical stabilization and holistic rehabilitation, and establish effective referral pathways.

**2.5 AMA PRA Category 1 Credit(s)<sup>TM</sup>**

The Hanley Center for Health Leadership and Education designates this activity for a maximum of 2.5 AMA PRA Category 1 Credit(s)<sup>TM</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the Joint Providership of the Hanley Center for Health Leadership and Education and the Maine Society of Eye Physicians and Surgeons. The Hanley Center for Health Leadership and Education is accredited by the Maine Medical Association Committee on Continuing Medical Education and Accreditation (CCMEA) to provide Continuing Medical Education (CME) for physicians.

**FACULTY DISCLOSURES:**
